Testimonial / Letter of Recommendation

Dear Richard and Tony,

It was a pleasure working with you guys! For the last 3 years we've been in business, I have utilized Action Sales team to provide us with top-notch commercial kitchen equipment and services. I really appreciate you taking the time beforehand listening to our needs, understanding the nature of our company and how we operate.

I have to specifically compliment Richard Hwang for his quick instinct, thorough follow up and excellent communications. He is extremely knowledgeable for all of the hardware/kitchen equipment's specifications, providing us with recommendations along with great pricings and lastly, going above & beyond to ensure excellent customer service throughout.

We are always seeking to grow our business as move forward and looking forward to our continuous long-term partnership with Action Sales. It goes without saying that I fully support and will recommend Action Sales to all of my colleagues out there seeking for your services.
